

ED-LEAD Site Survey

This baseline survey is intended to capture decisions made at the site level. Responses from this survey will be used to enhance our understanding of how a program was implemented at various sites. Our ED-LEAD team pre-filled some questions with the knowledge that we had from communications with your site throughout the pre-implementation phase.

Thank you!

Site Randomization

- ☐ ECR only
- ☐ NLTC only
- ☐ CPTI only
- ☐ ECR/NLTC
- ☐ ECR/CPTI
- ☐ CPTI/NLTC
- ☐ All three
- ☐ Control

How are patients living with Dementia (PLWD) identified in the electronic health record (EHR)?

- ☐ Registry using Bynum Code
- ☐ Use Bynum Code Directly

Clinical Decision Support (CDS) Builds

This section will ask questions about the CDS build components your site built for the programs.

Did you use an icon?

- ☐ Yes, the one provided by ED-LEAD
- ☐ Yes, we have our own dementia icon adopted by the health system
- ☐ No

Did your site use an identification alert to fire for an eligible PLWD when their chart is opened?

- ☐ Yes
- ☐ No

Identification alert is also referred to as "Best Practice Alert (BPA)" or "Our Practice Alert (OPA)"

Is the identification alert interruptive?

- ☐ Yes
- ☐ No, please clarify

Interruptive means an action is required before proceeding in the EHR [Electronic Health Record]

If the identification alert is not interruptive, please select how the ED staff will be reminded to complete the intro huddle.

- ☐ Banner
- ☐ Storyboard
- ☐ Other

Please describe how the ED staff will be reminded to complete the intro huddle.

Please select the ECR assessments built into the EHR.

- ☐ Introductory Huddle
- ☐ Care Partner
- ☐ Goals of Visit
- ☐ Memory and Cognition
- ☐ Physical Health & Function
- ☐ Delirium Screening (FAM-CAM)
- ☐ Risk Appraisal
- ☐ Discharge Huddle

How did you build/organize the ECR assessments?	☐ Navigator (Tabs for individual sections) ☐ Flowsheet (All assessment indicators are in a continuous list) ☐ Smartphrases
If using a navigator, are you organizing the Table of Contents in the way we suggest (shown, below)?	☐ Yes, we organized the Table of Contents in the suggested way ☐ No, we organized the Table of Contents by discipline ☐ Other ()
How did you organize the Table of Contents?	
Describe what discipline(s) will be filling out the "Goals of Visit" assessment.	
Describe what discipline(s) will be filling out the "Memory and Cognition" assessment.	
Describe what discipline(s) will be filling out the "Physical Health and Function" assessment.	
Describe what discipline(s) will be filling out the "Delirium Screening (FAM-CAM)" assessment.	
Describe what discipline(s) will be filling out the "Risk Appraisal" assessment.	
Describe what discipline(s) will be filling out the "Discharge Huddle" assessment.	
Where can the ECR assessments be accessed from?	☐ Within the identification alert ☐ ED Dementia Icon - link within hover over text ☐ "More Activities" (dropdown menu from top right headers)
How is care partner information (name & phone number) collected in the ED?	☐ Included in the ED-Dementia Navigator (e.g., when ECR is in place) ☐ Within the Nurse Disposition Navigator ☐ Note template via a SmartPhrase/DotPhrase ☐ Within the ED Narrator ☐ Other, please describe
How are you collecting care partner information? Please describe.	
Did you build a disposition alert to fire when the patients disposition changes to discharge?	☐ Yes ☐ No
Does your build incorporate any After Visit Summary (AVS) linked hardstop for the introductory huddle?	☐ Yes ☐ No
Does your build incorporate an AVS hard stop for the care partner information?	☐ Yes ☐ No

What are some workarounds your site adopted to the AVS hardstop?

- ☐ Use of a soft stop
- ☐ Banner in the provider or nurse disposition navigator
- ☐ Red icon next to "mandatory questions"
- ☐ Other, please describe

Please describe other workarounds.

How does your site record information about the 72-hour follow up call?

- ☐ Note template accessed via dot/smart phrase
- ☐ Other, please describe

Describe how your site records information from the 72-hour follow up call.

How is additional information viewable?

- ☐ Through hover-over
- ☐ Through "show details" button
- ☐ Additional information is not viewable
- ☐ Other please describe

How is additional information viewable?

Community-Led Paramedic Transitions Intervention - Workflow

This section will ask questions related to the CPTI workflow processes

How does your workflow inform providers that a patient is eligible for CPTI?

- ☐ Disposition Alert that displays within the Disposition Navigator for providers
- ☐ Interruptive OPA
- ☐ Both provider and nurse are notified by the disposition alert
- ☐ Providers are not notified; communication goes directly to nurse
- ☐ Other, please describe

How does your workflow inform providers that a patient is eligible for CPTI?

How does your workflow inform nurses that a patient is eligible for CPTI?

- ☐ Nurse communication order
- ☐ Interruptive OPA
- ☐ Other, please describe

Please describe how the workflow informs nurses that a patient is eligible for CPTI.

Will you utilize the same Program Coordinator across ECR and CPTI?

- ☐ Yes
- ☐ No

Does your site require documentation if a patient declines the CPTI in the ED?

- ☐ Yes
- ☐ No
- ☐ Other, please describe

Please describe the documentation requirement process.

Please describe this required documentation. Include what is documented, who is responsible, and how/when this information is collected.

How do you encourage ED nurses to highlight the CPTI portion of the AVS?

Who is the employer of your CPTI Program Coordinator? Select all that apply.

- ☐ Health system
 - ☐ EMS agency
 - ☐ Academic institution
 - ☐ Other, please describe
-

Who is the employer of your CPTI Program Coordinator? Please describe.

How will communication occur between hospital site and EMS? Please describe.

- ☐ Telephone calls
 - ☐ Secure message transfer
 - ☐ Secure file transfer
 - ☐ Through the EHR
 - ☐ Other, please describe
-

Please describe other modes of communication.

Who will be responsible for scheduling the home visit with the dyad (post-hospital call)?

- ☐ Paramedic Coach
 - ☐ Program Coordinator
 - ☐ Other, please describe
-

Please describe who will be responsible for scheduling the home visit with the dyad (post hospital call).

Will your coaches have access to the patient's after visit summary?

- ☐ Yes
- ☐ No

(e.g., the program coordinator includes this as an attachment in CTI+)

Will the coach or the CPTI program coordinator ever meet with eligible patients in the ED to encourage participation in the CPTI?

- ☐ Yes, please describe
 - ☐ No
-

Please describe this process.

Include the zip codes for the geographic area your EMS agency will serve for CPTI.

(separate zip codes with a comma)

How will patients who live outside of the CPTI service area be excluded from participation? Select all that apply.

- ☐ The CDS build uses geocoding to automatically exclude patients from the ED workflow if they have an address outside of the CPTI service area
- ☐ The Disposition Alert allows providers to document if a patient lives outside of the CPTI service area
- ☐ After the patient is discharged, the program coordinator determines if the patient lives outside of the CPTI service area
- ☐ Other, please describe

Please describe this process.

What information will be displayed on the caller ID when the post-hospital call is made?

Will the CPTI summary document be uploaded into the patient's media chart?

- ☐ Yes
- ☐ No

Please select who will be doing this.

- ☐ Program coordinator(s)
- ☐ Paramedic coach(es)
- ☐ Other, please describe

Please describe who will upload the CPTI summary document into the patient's media chart.

How many days does your referral workbench report lookback to?

- ☐ 30 days
- ☐ 45 days
- ☐ 60 days
- ☐ Other

Please input how many days your referral workbench report looks back to. If there is no limit, enter N/A.

What type of alert identifies an eligible patient to the telephonic nurse or NLTC program coordinator? Please select all that apply.

- ☐ In-basket message
- ☐ Disposition alert
- ☐ Other method

What type of alert will you use to identify an eligible patient to the telephonic nurse? Please describe.

Where are you building assessments? Please select all that apply.

- ☐ Navigator
- ☐ Flowsheet
- ☐ Unstructured notes
- ☐ Smartphrases
- ☐ Other, please describe

Where are you building assessments? Please describe.

Are there any NLTC assessments that were already existing in your EHR system? Please select all that apply.

- ☐ QDRS (Quick Dementia Rating System)
- ☐ SDOH (Social Determinants of Health)
- ☐ ADL (Activities of Daily Living)
- ☐ IADL (Instrumental Activities of Daily Living)
- ☐ H3TQ (Hospital-to-Home-Health Transition Quality)
- ☐ NPI-Q (Neuropsychiatric Inventory Questionnaire)
- ☐ MCSI (Modified Caregiver Strain Index)
- ☐ Spirituality Questionnaire
- ☐ FAM-CAM Delirium Screener (Family Confusion Assessment Method)

Where did you build the Care Plans? Please select all that apply.

- ☐ Navigator
- ☐ Flowsheet
- ☐ Smartphrase
- ☐ Ambulatory Outpatient Navigator
- ☐ Other, please describe

Where are you building the Care Plans? Please describe.

Nurse-Led Telephonic Care (NLTC) - Workflow

This section will ask questions related to the NLTC workflow and processes

Will you utilize the same Program Coordinator across ECR and NLTC?

- ☐ Yes
- ☐ No

Will you utilize the same Program Coordinator across CPTI and NLTC?

- ☐ Yes
- ☐ No

Who schedules NLTC calls? Please select one.

- ☐ NLTC nurse
- ☐ NLTC program coordinator

How are you managing inbound calls?

- ☐ Program Coordinate manages central phone/voicemail
- ☐ NLTC RN manages their own phone/voicemail
- ☐ Other, please describe

Please describe your method for managing inbound calls.

The NLTC tracking process may occur either within your site's EHR system (e.g., EPIC) or through an external method. Is your site using the EHR to track patients enrolled in NLTC?

- ☐ Yes
- ☐ No

Please identify how patients enrolled in NLTC are tracked through the EHR. Please select all that apply.

- ☐ Custom patient list
- ☐ Flowsheet
- ☐ Dashboard
- ☐ Other, please describe

Please describe how NLTC participants are being tracked in the EHR.

How are NLTC nurses notified of referrals to administer a call?

- ☐ Program Coordinator sets appointment on RN calendar
- ☐ Scheduler in EHR
- ☐ Shared Referral Log
- ☐ Other, please describe

Please describe the referral process.

Please describe how you are documenting your NLTC calls (i.e., encounters, smartphrases, etc.)

ED-LEAD Sustainability and General Socialization Strategy

How do you plan to encourage staff to complete the trainings? Please select all that apply.

- ☐ Email reminders
 - ☐ Staff meeting reminders
 - ☐ Clinical champion reminders
 - ☐ Flyers
 - ☐ Other, please describe
-

Please describe other strategies to encourage staff to complete trainings.

Will you use promotional material such as any of the following branded items? Please select all that apply.

- ☐ Tote bag
 - ☐ Stress ball
 - ☐ Lens cloth
 - ☐ Badge reel
 - ☐ Mouse pad
 - ☐ Food or beverages
 - ☐ Other, please describe
-

What other promotional materials will you use? Please describe

What other strategies will you be deploying to garner organizational awareness of the ED-LEAD project?

- ☐ Email blasts
 - ☐ Secure chat reminders
 - ☐ Meetings
 - ☐ Feedback
 - ☐ Screensavers
 - ☐ Newsletter
 - ☐ Research rounds
 - ☐ Flyer
 - ☐ Other, please describe
-

Please describe other ways you are bringing awareness.

How do you plan to encourage staff to use the ECR navigator/flowsheet? Please select all that apply.

- ☐ Email reminders
 - ☐ Staff meeting reminders
 - ☐ Clinical champion reminders
 - ☐ Flyers
 - ☐ Other, please describe
-

How do you plan to encourage staff to use the ECR navigator/flowsheet? Please

How will your site socialize program information to ED staff? Please select all that apply.

- ☐ Email to staff
 - ☐ Announcements at staff huddles/meetings
 - ☐ Inclusion in staff/department newsletters
 - ☐ Signage in the ED
 - ☐ Paramedic(s) visit to the ED
 - ☐ Other, please describe
-

Please describe other methods of socialization.
