Networks and Communication

Describe the level of collaboration, teamwork and communication between the site PI, Epic/IT and your program. Please comment on responsiveness, proactive versus reactivity to problems and concerns and how well ED-LEAD was prioritized at their site.

Additional items to reflect on

- How was the Site PI/Site study team's collaboration?
- Did the Epic/IT department seem to be working hand-in-hand with the Site PI or was there some competing priorities?
- How was your working relationship with the Site PI/Site Study team? Did they communicate clearly and effectively? Were you able to solve problems together?
- How was communication with the Site PI/Site Study team? Were they responsive via e-mail/calls? Did they proactively reach out with questions/comments? Did they inform ED-LEAD when decisions were made internally?

Leadership

Describe the ability of the site PI or Program PI to lead change at their site. Please comment on their level of enthusiasm and engagement with the ED LEAD and local team members, willingness to hear feedback, attention to detail and team understanding of the intervention and how it would or could be incorporated into their local workflow

Additional items to reflect on

- How would you describe the Site PIs leadership style? (including main Site PI + NLTC PI, CPTI PI)
- Were they enthusiastic for change, present, supportive, attentive? Did they demonstrate willingness for feedback from staff and/or ED-LEAD team members? Did it seem like they knew the project details and had autonomy to make decisions when necessary?
- Were they able to engage with other important stakeholders within the project/hospital setting and follow-through?

Champion

Please do not list names but instead you can say just their role (ex. MD Champion highly engaged).

Describe the ability of the site champions to lead change at their site. Comment on their level of enthusiasm, support from the site PI or other local leaders, and ability to solve problems and implement change based on feedback

Additional items to reflect on

- Was the champion able to advocate for the new way of doing things?
- Were the champions supported, engaged, have the time, resources, expertise?
- Were the champions an expert and/or passionate in PLWD?
- Were champions able to troubleshoot problems?
- Any other feedback you'd like to share about your experiences working with the champions?
